

INVITATION

Colloquium on the occasion of the CERN-60,
ISOLDE-50 and LISOL-40 anniversaries

Radioactive ion beams
for science and society

Programme

Welcome

Prof. dr. P. Van Duppen, head of the Instituut voor Kern- en Stralingsfysica, KU Leuven, Belgium

Speakers

Prof. dr. S. Bertolucci, director of research CERN, Geneva, Switzerland

Prof. dr. K. Blaum, director Max-Planck-Institut für Kernphysik, Heidelberg, Germany

Prof. dr. M. Huyse, Instituut voor Kern- en Stralingsfysica, KU Leuven, Belgium

Dr. Ph. Mettens, president Belgian Science Policy Office, Belgium

Dr. M. Luwel, director Hercules Foundation, Belgium

Dr. ir. E. Monard, secretary-general Research Foundation - Flanders (FWO), Belgium

Prof. dr. M. Harakeh, project coordinator of ENSAR “European Nuclear Science and Application Research”,
KVI, Groningen, The Netherlands

The colloquium will be followed by a walking dinner.

On Friday November 21 2014, 15.00 - 17.30h, a colloquium is organized to

**celebrate the 60th anniversary of CERN,
the 50th anniversary of ISOLDE and
the 40th anniversary of LISOL.**

Contributions will cover scientific highlights, emerging applications and future perspectives from CERN, ISOLDE and LISOL. Furthermore, the point of view of researchers and funding agencies on the position and needs of university groups active at international large-scale research facilities will be addressed.

Venue:

“AULA van de TWEEDE HOOFDWET”
Thermotechnisch Instituut
Kasteelpark Arenberg 41, 3001 Heverlee (Leuven)
